

Popsicle Stick Star Streamers

These fun 4th of July decorations are a great way to keep the kids busy while waiting for the fireworks!

Supplies:

- Craft sticks or clean, dry popsicle sticks
- Tissue paper cut into skinny streamers
- Ribbon
- Glue
- Sequins, glitter, pom poms, paint, etc. for decorations

1. Start by gluing together five craft sticks to create a star shape. For maximum stability, add a dab of glue in all the places where the craft sticks intersect one another.
2. If you'd like to use your stars as a hanging decoration, glue a ribbon loop to the back side for hanging (or you can attach a skinny dowel to make a star wand!).
3. Flip your stars over to the back side, and glue on an assortment of tissue paper streamers.
4. Once the streamers on the back side have dried completely, flip the stars over and decorate the front.
5. Make sure the glue is completely dry before decorating with or playing with the stars.
